6	No. of Teacher Participants	02

**Brief Report:**

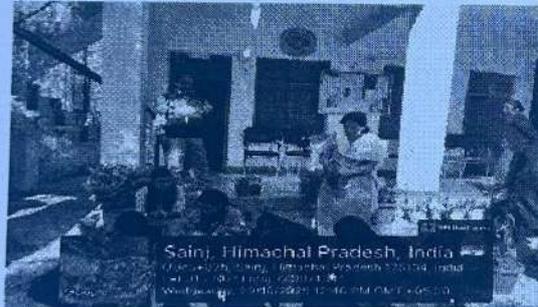

The Plantation and Pot Reuse Campaign, organized under the Women Cell and Eco Club of Government Degree College Sainj on 29th October 2025, was a meaningful initiative that effectively promoted the values of environmental responsibility,

teamwork, and sustainability among students.

Through their active participation, volunteers demonstrated their commitment to protecting nature

and making their surroundings cleaner, greener, and more beautiful. Such programs not only enhance environmental awareness but also inspire students to adopt eco-friendly habits in their daily lives, thereby

contributing to a healthier and more sustainable planet for future generations.
