INTRODUCTION TO NEP 2020

The National Education Policy (NEP) 2020 (hereafter referred to as NEP or Policy) recognizes that higher education plays an extremely important role in promoting human as well as societal well-being and in developing India as envisioned in its Constitution - a democratic, just, socially conscious, cultured, and humane nation upholding liberty, equality, fraternity, and justice for all. It notes that “given the 21st century requirements, quality higher education must aim to develop good, thoughtful, well-rounded, and creative individuals”.

In accordance with the NEP 2020, the UGC has formulated a new student-centric “Curriculum and Credit Framework for Undergraduate Programmes (CCFUP)” incorporating a flexible choice-based credit system, multidisciplinary approach, and multiple entry and exit options. This will facilitate students to pursue their career path by choosing the subject/field of their interest.

Transformative Initiatives that have a Bearing on the Undergraduate Education

The NEP envisages several transformative initiatives in higher education. These include:

- Introducing holistic and multidisciplinary undergraduate education that would help develop all capacities of human beings - intellectual, aesthetic, social, physical, emotional, ethical, and moral - in an integrated manner; soft skills, such as complex problem solving, critical thinking, creative thinking, communication skills; and rigorous specialization in a chosen field (s) of learning.
- Adoption of flexible curricular structures in order to enable creative combinations of disciplinary areas for study in multidisciplinary contexts that would also allow flexibility in course options that would be on offer to students, in addition to rigorous specialization in a subject or subjects.
- Undergraduate degree programmes of either 3 or 4-year duration, with multiple entry and exit points and re-entry options, with appropriate certifications such as:
 - a UG certificate after completing 1 year (2 semesters) of study in the chosen fields of study,
 - a UG diploma after 2 years (4 semesters) of study,
 - a bachelor's degree after a 3-year (6 semesters) programme of study,
 - a 4-year bachelor's degree (honours) after eight semesters programme of study if the students complete
 - a rigorous research project in their major area(s) of study in the 4th year of a bachelor's degree (honours with research).
- The 4-year bachelor's degree programme is considered a preferred option since it would provide the opportunity to experience the full range of holistic and multidisciplinary education in addition to a focus on the chosen major and minors as per the choices of the student.
- Inclusion of credit-based courses and projects in the areas of community engagement and service, environmental education, and value-based education.
- Environment education to include areas such as climate change, pollution, waste management, sanitation, conservation of biological diversity, management of biological resources and biodiversity, forest and wildlife conservation, and sustainable development and living.
- Value-based education to include the development of humanistic, ethical, constitutional, and universal human values of truth, righteous conduct, peace, love, non-violence, scientific temper, citizenship values, and life skills.

- Lessons in service and participation in community service programmes to be an integral part of holistic education.

Main features of the New Curriculum Framework

The new curriculum frame work will have the following features:

- I. Flexibility to move from one discipline of study to another;
- II. Opportunity for learners to choose the courses of their interest in all disciplines;
- III. Facilitating multiple entry and exit options with UG certificate/UG diploma/or degree depending upon the number of credits secured;
- IV. Flexibility for learners to move from one institution to another to enable them to have multi and/or interdisciplinary learning;
- V. Flexibility to switch to alternative modes of learning (offline, ODL, and Online learning, and hybrid modes)
- VI. Regulations for Academic Bank of Credit (ABC) and guidelines for Multiple Entry and Exit are already in place to facilitate the implementation of the proposed “Curriculum and Credit Framework for Undergraduate Programmes”.
- VII. Major and Minor disciplines
Major discipline is the discipline or subject of main focus and the degree will be awarded in that discipline. Students should secure the prescribed number of credits (about 50% of total credits) through core, the major discipline.

Minor discipline helps a student to gain a broader understanding beyond the major discipline. For example, if a student pursuing an Economics major obtains a minimum of 12 credits from a bunch of courses in Statistics, then the student will be awarded B.A. degree in Economics with a Minor in Statistics.

DEFINITIONS, ELIGIBILITY AND DURATION OF THE PROGRAMME

Semester/Credits:

A semester comprises 90 working days and an academic year is divided in to two semesters. The winter vacation comprises five weeks. Internship/apprenticeship/work-based vocational education and training can be carried out during the winter vacation, especially by students who wish to exit after two semesters or four semesters of study. The HEIs can decide on the courses to be offered in the winter vacation depending on the availability of faculty and the number of students.

Awarding UG Certificate, UG Diploma, and Degree

UG Certificate: Students who opt to exit after completion of the first year and have secured 44 credits will be awarded a UG certificate if, in addition, they complete one vocational course of 4 credits during the vacation of the first year. These students are allowed to re-enter the degree programme within three years and complete the degree programme within the stipulated maximum period of seven years.

UG Diploma:

Students who opt to exit after completion of the second year and have secured 86 credits will be awarded the UG diploma. These students are allowed to re-enter within a period of three years and complete the degree programme within the maximum period of seven years.

3-year UG Degree:

Students who wish to undergo a 3-year UG programme will be awarded UG Degree in the Major discipline after successful completion of three years, securing 128 credits and satisfying the minimum credit requirement.

4-year UG Degree (Honours):

A four-year UG Honours degree in the major discipline will be awarded to those who complete a four-year degree programme with 168 credits.

4-year UG Degree (Honours with Research):

Students who secure 75% marks and above in the first six semesters and wish to undertake research at the undergraduate level can fourth year. They should do a research project or dissertation under the guidance of a faculty member of the University/College. The research project/dissertation will be in the major discipline.

NOTE: *Govt. Degree College Sainj will offer only 3 Year Bachelor Degree Programme in Arts.*

Bachelor Degree Programme in Commerce will not be offered to first semester students under NEP framework from Academic Session 2025-2026.

CURRICULUM, CREDIT FRAMEWORK AND PROGRAMMES COMPONENT (NEP 2020)

1. The prescribed credit weightage includes Lecture, Tutorial, and Practical (L+T+P) components.
2. The entire 3-year/4-year UG programme curriculum is divided into two parts:
(a) Core Courses and (b) Common Courses, which are described below.

A. List of Core Courses

The core courses comprise Discipline-Specific Core, Discipline-Specific Elective (DSE), and Minor courses. All core courses have a credit allocation of 4. Altogether, irrespective of any significant or minor options, a student will necessarily need to study 23 courses with a total credit allocation of 92 over a 3-year programme. The degrees relevant to the core courses will be awarded.

i. Major Courses

Courses offered by a particular department for own students. The minimum credit requirement for a Single Core Discipline (Major) over 3 years is 64, which translates to 16 courses, including 5 DSEs.

ii. Minor Courses

One of the Major courses offered by the Department shall be treated as a Minor for students of other departments. The department may also offer a separate course or repeat the same course(s) as a Minor for students of other departments. The minimum credit requirement for a Minor Course over 3 years is 24, which translates to 6 courses.

B. List of Common Courses

As the name suggests, these courses must be studied by all students in the 3-year or 4-year undergraduate programme. Together, the common courses have a credit allocation of 36, divided over five subdivisions.

i. Multidisciplinary Courses (MDC): Total Credits 9

Courses offered by a particular department shall be considered multidisciplinary for students of other departments. A student cannot opt for an MDC catering to their Core Courses (Major and Minor). The student should be motivated to opt for a different subject each semester.

ii. Ability Enhancement Course (AEC): Total Credits 8

Courses on Language and Communication Skills, viz. English, Hindi, and Sanskrit

iii. Skill Enhancement Course (SEC): Total Credits 9

The HEI/College will identify the Skill Enhancement Courses to be offered in a semester, and students will choose the skill course of his/her choice from the courses offered.

iv. I/A/P/C/ (or Work-based Vocational Course*): Total credits 4

Internship/Apprenticeship/Minor Project/Community Outreach (I/A/P/C) or Work-based Vocational Courses are courses common to all students and will be carried out during the winter and summer terms/vacations. Although offered in the second semester, students may be encouraged to make their choice at the end of the first semester, allowing them to carry out activities during winter vacation as well.

*This course will not be offered in the first (beginning) academic session.

v) Value-Addition Course (VAC): Total 6 Credits

These are the course(s) common to all students to be offered as a VAC category in a particular semester. The HEI/College will assign one or more teachers to teach these courses as required, regardless of the teacher's background or qualifications.

3. In the first semester, students will be offered three different subjects of the same stream: A, B, and C.
4. At the end of the second semester, each student may choose any one of two programs:
(a) Multi- Disciplinary/Interdisciplinary Programme *or*
(b) Single Major Programme.

The students choosing the Single Major Programme will be required to give his/her Major

and Minor at the end of second semester. Such choices made at the end of the second semester shall continue until the sixth semester.

5. Another discipline's DSC of the first two semester of those students who opt for a Major Programme will be treated as Minors.
6. A maximum of two language courses can be opted as Core and Minor. AECs should be of a language other than those studied in DSCs/ Minors.
7. To pursue a 4-year Honours degree, a student must study one discipline in which he/she has studied at least 11 Core courses (6 DSC + 5 DSE) in the first three years.
8. A student who secures 75% or more marks in aggregate till Semester 6 (up to 3-year degree) shall be eligible for a 4-year degree (Honours with Research), provided university has approved the college to offer it.
9. The students of the BA Programme can opt for only one DSC each from the Bachelor of Performing Arts (Dance/Music Vocal & Instrument/ Tabla etc.) and Bachelor of Fine Arts (Painting/Applied Arts/Sculpture, etc.)
10. To pursue an Honours degree in the 4th year, students must choose only one discipline in both semesters of the 4th year, in which they have studied Five DSEs in the first three years.

OVERVIEW OF CHOICE BASED CREDIT SYSTEM (CBCS)

The CBCS provides an opportunity for the students to choose courses from the prescribed courses comprising Core, Compulsory, Skill Enhancement and Elective Courses. The courses are evaluated by following a grading system. In order to bring uniformity in the evaluation system and computation of the Cumulative Grade Point Average (CGPA) based on student's performance in examinations, the UGC has formulated the guidelines to be followed.

Outline of Courses under Choice Based Credit System (CBCS):

1. Core Course: A course, which should compulsorily be studied by a candidate as a core requirement is termed as Core Course.

2. Elective Course: Generally, a course which can be chosen from a pool of courses and which may be very specific or specialized or advanced or supportive to the discipline/subject of study or which provides an extended scope or which enables an exposure to some other discipline/subject/domain or nurtures the candidate's proficiency/skill is called an Elective Course.

2.1 Discipline Specific Elective (DSC) Course: An elective course offered by the main discipline/subject of study is referred to as a Discipline Specific Elective. The University/Institute may also offer discipline-related elective courses of interdisciplinary nature (to be offered by the main discipline/subject of study).

2.2 Dissertation/Project: An elective course designed to acquire special/advanced knowledge, such as a supplement study/support study to a project work, and a candidate studies such a course on his own with an advisory support by a teacher/faculty member is called dissertation/project.

2.3 Generic Elective (GE) Course: An elective course which is other than discipline specific core course and is chosen generally from an unrelated discipline/subject, with an intention to seek exposure is called a Generic elective.

3. Ability Enhancement Courses (AEC): The Ability Enhancement Courses (AE) may be of two kinds: Ability Enhancement Compulsory Courses (AECC) and Skill Enhancement Courses (SEC). "AECC" courses are the courses based upon the content that leads to knowledge enhancement: (i) Environmental Science and (ii) English/MIL Communication. These are mandatory for all disciplines. Skill Enhancement Courses (SEC) are value-based and/or skill-based and are aimed at providing hands-on-training, competencies, skills, etc.

3.1 Ability Enhancement Compulsory Courses (AECC): Environmental Science, English Communication/Modern Indian Language (MIL) Communication.

3.2 Skill Enhancement Courses (SEC): These courses may be chosen from a pool of courses designed to provide value-based and/or skill-based knowledge.
